There were some inaccuracies,  
-The engine is slightly different in design  
-The front and back of car are not perfect copies  
-the wheel in the front is too big and should be smaller than the one in the back  
-IN TOPS OF LENGTH AND HEIGHT THE DIMENSIONS ARE IDENTICAL AS I DIDN'T TOUCH THE EDGES AT ALL BY INTENTIONAL DESIGN TO TRY DIFFERENT

UNLESS OTHERWISE SPECIFIED, DIMENSIONS ARE IN MILLIMETERS ANGULAR ± 1°		NAME	DATE	TITLE
